

Muts Cuts Grooming Services Duty of Care

Under the requirements of The Small Animal Welfare Bill 2007, we are obliged, by law, to implement a very comprehensive record-keeping policy system. This is to protect the welfare of the dog, but also protects you as our client, and us as your service provider.

We will ask you to fill out and sign the consent form below at your dog's first session. We will then keep it in your dog's individual file, along with any other relevant information.
